

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Mrs. Benjamin H. Sanborn, a native of Elmire, died Dec. 16 at her home in Wellesley, Mass., after an illness of many years. She was the daughter of Mr. and Mrs. Hiram Doty and was born Nov. 8, 1852. Mrs. Sanborn was a lineal descendant of the General Israel Putnam family of Revolutionary fame. During the hour of her funeral every business place in Wellesley was closed, a mark of esteem only once before ever shown to a woman in that town and that was the president of Wellesley college.

The Haggoods of Peru came last night for personal estate by fire last Saturday evening, when a lamp exploded in the Bromley house, where Mr. Haggood and Philip Haggood are now living. A light was left in the office while they returned, and there was considerable blaze in the vicinity of the lamp, although their well-timed return prevented any damage being done.

Bar Association to Meet Jan. 5.

Montpelier, Dec. 26.—The annual meeting of the Vermont Bar Association, postponed from last October, will be held in this city Jan. 5, the first session being held at 3 o'clock in the afternoon in the Washington county courtroom. The annual banquet, exercises and address by the president, the Hon. John W. Rowell, will be held at 7 o'clock in the evening of the same day. Attorneys not members of the association are also invited to attend. Matters of vital importance to the constitution, discussed and laid on the table at the last meeting, concerning the committee of three to investigate unprofessional conduct, with power to prefer charges against the offender for dishonor or to reprimand, will be voted on.

NEWSBOYS GIVEN BANQUET.

Burlington Has City Christmas Tree and Bells Are Rung.

Burlington, Dec. 26.—This city had a community Christmas celebration Thursday night. The chimes of St. Paul's cathedral under the strains of "Hark, the Angels Sing" at sundown, after which church bells were rung throughout the city.

Several hundred school children, escorted by uniformed boys, marched from the city hall to the park adjoining. There the municipal Christmas tree had been set up and at 8 o'clock the chimes, the tree burst into incandescent splendor from 1,000 lights.

Newsboys spent the night at a banquet, at which they received many gifts.

"LIFER" PARDONED.

Jerry Bradley Released from Prison After Serving More Than 25 Years.

Rutland, Dec. 26.—Governor Fletcher brought Christmas joy to Jerry Bradley, who has been 10 years longer in the state prison at Windsor than any other inmate. Bradley is given a conditional parole and was released from prison yesterday morning after being in prison for more than 25 years.

He was sentenced to state prison for life for the murder of Margaret Shea, his housekeeper, at Stamford, Bennington county, 25 years ago last May. He was twice tried in Bennington county court and both times convicted of murder in the second degree and sentenced for life.

There was always a little doubt in this case. Bradley and four other men were at his place in Stamford when the murder occurred. All the party were intoxicated, and many thought at the time that possibly more than one was concerned, but at the trial the others testified against Bradley and he was convicted.

BICYCLE BRIGADE CHARGED.

And Turned French Defeat Into Victory at Apremont.

(Correspondence of the Associated Press.) Dunkirk, France, Dec. 26.—That troops mounted on bicycles may be used for purposes of the charge, with fully as good results as cavalry, is said to be proven by the fighting at Apremont.

The Germans attacked the French defending Apremont, and compelled them to abandon one trench after another, and finally the town itself. A desperate struggle was kept up, however, at the main bridge, out of the town. The German regiments surged to the attack with fierce shouts, and it looked as if the French were to be completely routed, when unexpected reinforcements came up in the form of a company of cyclist chassateurs.

The cyclists had unsling their rifles and fixed their bayonets. Riding at a top speed, with their bayonets in front of them like lances, they swept through a cloud of dust straight into the crowded masses of the enemy at the bridge head. There was an indescribable melee of men and machines, but the cyclists, some mounted and some dismounted, used their bayonets with such good effect that in five minutes the Germans were in retreat. By this time the French infantry had reformed and swept up at double-quick to reinforce the cyclists and make the recapture of the town secure.
